**Three-day Workshop on
“Skill Development Program On
Primavera-P6” (Hands on Experience)**

13th to 15th February 2020

Organized by
Department of Civil Engineering

Matrusri Engineering College
Saidabad, Hyderabad -500 059
(Sponsored by Matrusri Education Society)
(Approved by AICTE, affiliated to Osmania
University & Accredited by NBA)

ABOUT THE COLLEGE

Matrusri Engineering College was established in the year 2011 by Matrusri Education Society & it is affiliated to Osmania University, Hyderabad, Telangana.

The College offers BE programmes in Civil, CSE, ECE, EEE, IT and Mechanical Engg. The college has over 100 well qualified faculties and about 50 supporting staff.

ABOUT THE COURSE:

Primavera is an enterprise project portfolio management software. It includes project management, scheduling, risk analysis, opportunity management, resource management, collaboration and control capabilities, and integrates with other enterprise software such as Oracle and SAP's ERP systems. Primavera was launched in 1983 by Primavera Systems Inc. Which was acquired by Oracle Corporation in 2008.

Oracle Primavera P6 is the world's most popular robust and ease-to-use software application for managing Projects, Programmers, and Portfolio's. It is a browser-based solution comprising role-specific functionality to satisfy each stake holder's needs responsibilities and skills. It provides a single solution for successfully managing projects of all sizes, complexity and duration. Primavera has evolved into a fully featured Enterprise Project Portfolio Management solution providing world class functionality for project-based organizations, encompassing; Planning & Scheduling, Portfolio Management, Resource management, Risk & Issue Management, Reporting & Business Intelligence & Team Collaboration.

COURSE OBJECTIVES

This course provides hands-on training for Primavera P6, leading participants through the entire project life cycle, from planning to execution. Topics include export activities from excel, developing task plan, resource plan, assigning resources, cost estimating and creating a baseline. Different methods of tracking are one of the unique differentiators of this program. The reporting includes building standard, visual and customized reports

COURSE CONTENTS

1. Introduction to Primavera P6
2. Learn about Data, Navigation and Layouts
3. Creating a Project/WBS
4. Adding Activities/Relationships/Scheduling/Constraints
5. Project Documents Library
6. Roles and Resources/ Assigning resources & Costs
7. Analyzing Resources/ Optimizing Plans
