ELECTRICAL AND ELECTRONICS ENGINEERING DEPARTMENT

GUEST LECTURE

The EEE Department has organized a Guest Lecture on “**Power Scenario in India: What is IN and ISN’T IN STORE for Future**” by Mr. *R.Kannan, Rtd. General Manager, BHEL R&D Division, Hyderabad* On 26th July 2018.

The lecture is conducted to III year students. The lecture has helped the students to understand Power Scenario in India, energy crisis, status of conventional energy resources & their constraints and need of renewable energy. The challenges and opportunities for renewable energy are also covered in detail with motivational touch. Finally it is concluded with ECM pledge. Overall this lecture has helped students to motivate themselves to learn the subject with interest and zeal.

Note: This lecture has addressed the Program Objectives-PO6, PO7 and PO8.
