Mechanical Engineering Department

SAE in Mechanical Department:

- SAE International, (Society of Automotive Engineers) is a U.S.-based, globally active professional association. Principal emphasis is placed on transport industries such as automotive, aerospace, and commercial vehicles.
- SAE Collegiate club at MECS was started in 8th August 2014. The students are enrolled in SAE membership every year and they will be exposed to recent developments in the field of Mechanical Engineering by the means of Technical events at different levels. The SAE events are classified as TIER-I (College Level), TIER-II (Inter-College/State Level) & TIER-III (National Level).
- The winners at TIER-I & TIER-II Levels will be promoted to TIER-III Events (Like SAE Baha, SAE Go-Kart) where the students undergo training and fabricate a Vehicle.
- Participation in such SAE events will improve the Technical/ Engineering abilities and Analytical and Programmability Skills of students that eventually result in a greater employability of the student.
