## *National Youth Day*

*A.Y: 2017-18*

Modern youth is groping in darkness without direction whatsoever. There is tremendous energy in the youth but it is not properly channelized. Hence they are facing enormous number of problems both in education and personal life, such as lack of self-confidence, courage, boldness, fearlessness, patriotism etc. Swami Vivekananda's inspiring message is greatly relevant for our modern youth. He is the ideal for youth. Realizing this truth his birthday is celebrated as National Youth Day by the Government of India.

Matrusri Engineering College has organized a National Youth Day on occasion of Swami Vivekananda Jayanti on 12<sup>th</sup> January 2018. Swami Bodhamayananda Director, Vivekananda Institute of Human Excellence (VIHE) is the chief Guest. He gave speech on Youth empowerment.

## *Clay Ganesh Event*

*A.Y: 2017-18*

Lord Ganesha's birthday Ganesh Chaturthi is just around the corner and like every other year, water and air pollution will go up in many parts of our country as hundreds of thousands of people will gather to immerse Ganpati idols into the water bodies. Since the idols are made from Plaster of Paris these are non-biodegradable naturally and so these continue to float on the water for a long time thereby choking the water bodies and adversely impacting aquatic ecosystem. Adding to the problem, the idols are often decorated with paints heavy on lead and mercury which adds to the ongoing process of destroying the flora and fauna of the water body.

To fight these challenges during the festival and to protect the environment, Matrusri Engineering College has organized a Clay Ganesh Event on 24-08-2017 to make Eco- friendly Ganesh Idol with Clay. Session is given to the student to make an idol. Around 70 students participated in the event.

### *Traffic Awareness Campaigns*

*A.Y 2017-18*

Traffic safety course education plays an important role in shaping the attitudes and behaviors of children and young people ensuring, they become responsible drivers, passengers, pedestrians and cyclists. Safety and efficient flow of traffic is the reason, why traffic laws are in place. The traffic police have started an awareness campaign in college on 8-02-2018, after finding out that most motorists booked for major traffic violation are youngsters.

**Traffic Awareness Program**

As a part of Traffic awareness campaign, in collaboration with Hyderabad traffic police a video seminar has been organized in the campus. Students and staff have participated in Traffic Awareness campaign organized by Hyderabad Traffic Police. Even if the message gets across to half our target audience and they decided to adhere to rules, then we will consider campaign a success," said senior inspector. Youngsters have been booked in connection with drunk driving riding without helmets and stopping vehicles on pedestrian crossing. "Inspector requested the students to realize their social responsibility.

In this event around 60 students actively participated and got awareness on traffic safety.

***Dandiya and Bathukamma Celebrations***

***A.Y 2017-18***

Bathukamma is floral festival celebrated by the Hindu women of Telangana. Every year this festival is celebrated as per Shalivahana calendar for nine days starting Bhadrapada Amavasya (also known as Mahalaya Amavasya or Pitru Amavasya) till Durgashtami, usually in September–October. Bathukamma represents cultural spirit of Telangana. Bathukamma is a beautiful flower stack, arranged with different unique seasonal flowers most of them with medicinal values, in seven concentric layers in the shape of temple gopuram. In Telugu, ‘Bathukamma’ means ‘Mother Goddess come Alive’ and Goddess MahaGauri-‘Life Giver’ is worshipped in the form of Bathukamma the patron goddess of womanhood, MahaGauri Devi. It is the festival for feminine felicitation. On this special occasion women dress up in the traditional sari combining it with jewels and other accessories.

**Janmastami Celebrations**

*A.Y: 2017-18*

Krishna Janmashtami, also known simply as Janmashtami or Gokulashtami, is an annual Hindu festival that celebrates the birth of Krishna, the eighth avatar of Vishnu. It is observed according to the Hindu lunisolar calendar, on the eighth day (Ashtami) of the Krishna Paksha in Shraavana or adrapad (depending on whether the calendar chooses the new moon or full moon day as the last day of the month), which overlaps with August or September of the Gregorian calendar.

It is an important festival, particularly in the Vaishnavism tradition of Hinduism. Dance-drama enactments of the life of Krishna according to the Bhagavata Purana (such as Rasa Lila or Krishna Lila), devotional singing through the midnight when Krishna was born, fasting (upavasa), a night vigil (Ratri Jagaran), and a festival (Mahotsav) on the following day are a part of the Janmashtami celebrations. It is celebrated particularly in Mathura and Vrindavan, along all other states of India.

***STAR EVENT : A program for Computer and Communication Skill Development***

***A.Y 2017-18***

Matrusri Engineering College has organized a 3-day event from 15<sup>th</sup> March 2018 to 17<sup>th</sup> March 2018 to educate the students in government schools located in the remote villages about computer and communication skills which are not available in those villages.

We planned the event in the government school 'TS MODEL SCHOOL, ARUTLA' located in Arutla village, Manchal Mandal, Rangareddy district. This school is distributed over a vast area with hostel provision for girls. They have a ground for sports activities. But, they only fall behind in communication and computer education due to various reasons. The village is located about 15kms away from Ibrahimpatnam town due to which the transportation for children from other villages is a huge problem.

For the first day, we planned a few ice-breaking sessions which helped the students open up and express their wonderful ideas. Few of them have talents and thinking abilities more creative than we expect. The fresh and innocent minds possess enough courage and skills to implement their ideas.

On the 2nd day, we went on teaching them about computer skills like Microsoft Word, Microsoft Excel, paint, Microsoft PPT and internet browsing etc., to one of the sections containing 50 students. They learned faster than we thought. We conducted a few interesting quiz rounds on what we taught that day. They participated actively and started asking us questions about other things too. The 3rd day was also spent on teaching computers to the other section. The enthusiasm and energy were the same in both the sections.

### *Republic Day*

*A.Y 2017-18*

Every year India celebrates Republic day which is also known as Gantantradiwas in Hindi on January 26. And preparations of the 69th Republic day are in full swing. On January 26, 1950, the Constitution of India which is the longest constitution in the world was enacted and put into force for the largest democracy. The principal architect of same was Dr Bhimrao Ambedkar. The day also marks the birth of modern India. Many leaders of India prepared the constitution after facing the tough task of taking into consideration the concerns of hundreds of ethnic communities, multiple castes and religious segments and tribes.

Republic Day was celebrated with great enthusiasm on the college. All the students, both teaching and non teaching participated in the celebration. The program started with hosting the national flag at 7:30 A.M by the Principal sir. The national anthem was sung by the participants. A cultural program was arranged. After that sweet was distributed to students. At last students gave shouting slogans and ended the program. In this republic day event 150 students actively participated.
