

# E WASTE AWARENESS

IN ASSOCIATION WITH SAAHAS NGO

The awareness session on E-Waste management, conducted in association with SAAHAS NGO, took place on January 19, 2024 at MECS. Mrs Sunitha Jayaram Project Director from SAAHAS NGO Bangalore has delivered the lecture on E Waste Awareness. **120 students of ECE, IT, Mechanical of BE 2/4, 3/4 & 4/4 participated in the session.**

## Outcomes of the program

- Increased knowledge about environmental and health implications of improper e-waste disposal.
- Informed decision-making and adoption of responsible e-waste management practices.
- Cultivation of a culture of environmental responsibility among participants.

## Objective of the Program:

The primary objectives of an e-waste management awareness session are to educate individuals and communities about the environmental and health risks associated with improper disposal of electronic waste. These sessions aim to raise awareness about the significance of recycling electronic products, promoting responsible e-waste disposal practices, and encouraging the adoption of sustainable behaviors.
