Wadhvani Foundation's National Entrepreneurship Network was launched in India in 2003 followed by the launch of its other Initiatives Global Skills Network in 2011 and Policy Network in 2014.

[National Entrepreneurship Network \(NEN\)](#) inspires, educates, and supports student entrepreneurs, startups, and SMEs for creating high-value jobs. For over a decade, NEN in India has trained over 3,000 faculty across 500 institutes, who now regularly offer entrepreneurship courses to more than 100,000 students, annually. 'Yuva' is NEN's joint initiative with Ministry of Skill Development and Entrepreneurship (MSDE) to scale NEN's student programs to 3500 institute.

It offers Learnwise, which is video centric, cloud based, mobile consumed, experiential learning content

300+ Hours of experiential learning is offered through the college with faculty as facilitator directly to students and professionals as an online programme.
