# **Report on the student attributes facilitated by the Institute**

***REPORT ON THE STUDENT ATTRIBUTES FACILITATED BY THE INSTITUTION***

Matrusri Engineering College has worked to develop desirable attitudes in students through a code of conduct that helps them in personal and professional lives. The students trained to value their worth and create a positive and productive atmosphere guided by a sense of responsibility in endorsing the institute's quality across various states and nations in which they work. The student counseling process is carried out effectively to bind teachers and students in a relationship of cordiality and mutual trust which continues even after they pass out of the programs in this institute. The departments help in gathering student feedback which in turn help in qualitative improvement of both the teaching process and infrastructural facilities. Harmonious relations exist among the students because of a check on deviant behaviors through grievance redressal cell, anti-ragging committee, anti-sexual harassment and women protection cell and department associations that keep students focused on discipline and developing competencies, thereby reducing the scope for distractions. Maximum attendance is ensured through personal counseling and by intimating parents about student attendance through letters. Acceptance of diversity and uniqueness is taught through team work and gender equity programs. Patriotism is cultivated through celebration of national festivals. Unity, discipline, selflessness, social responsibility and concern for fellow beings are taught through the institute.

For a faster all round development of a student, there is a need of striking a balance between syllabus curriculum, books and co-curricular activities. Co-curricular activities give the students an opportunity to develop particular skills and exhibit their non-academic abilities. There are various types of extracurricular activities conducted in the college, which offer students, an opportunity to work with others and to gain essential life skills. Organization of various co-curricular activities for students such as Cultural activity, N.S.S. activity, sports activity through various committees. Sports department in the college organizes various activities for students to participate and to develop their skills. To participate in various competitions, to face the youth festivals through cultural, to face district, state, national, international level competition through sports, students are trained by the experts. In the field of cultural activities, students are trained for singing, dancing, drama etc. Students are trained and carry out practice in the field of sports in order to take part in various competitions like Kabbadi, Kho-Kho, Basket Ball, cricket etc. College organizes various social service related activities such as N.S.S., tree plantation, cleanliness drives, swachh bharrath, leadership development activity and so on. Through all these extracurricular activities, students develop skills related to their career path and success in future jobs. Students have opportunities to improve their leadership and interpersonal skills while increasing their self-confidence. Extracurricular

involvement allows students to link academic knowledge with practical experience thereby leading to a better understanding of their own abilities, talents and career goals. Students have been working successfully through various cultural events; student life becomes interesting and successful. Competitive spirit, leadership qualities, sportsmanship, creativity and skills in fine arts are nurtured through academic activities, competitions and fests organized by the institute, over a period of 11 years has facilitated its students to evolve into morally and ethically responsible human beings and also prepare for life.
